## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-16 allowed.
2. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1-16 is the inclusion of the limitation: "wherein information stored in the predetermined first address area can be read out by a first type of reading operation but cannot be read out by a second type of reading operation, information stored in the second address area can be read out by the second type of reading operation, and a readable data size of the second type of reading operation is larger than that of the first type of reading operation", as recited in independent claims 1, 5, 8, 12, 15, and 16. The prior art is not directed to an apparatus, method, or computer program product, as claimed, where the stored information is read and has a readable size as recited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
